2018 Sponsor Details

In addition to supporting the state's only conference dedicated to recycling, your sponsorship is supporting ...

Technical expertise and advocacy to all communities including planning efforts, operational and equipment advice, continuing education for professionals, marketing know-how and policy initiatives. Current priorities include program and market support in the face of the China Ban, deployment of agricultural plastics recycling and wildland fires project recycling.

NMRC is launching a **Product Stewardship Advisory Group** to shift the responsibility of managing a product at the end of its life from the municipal solid waste departments upstream to the producer. As a sponsor, you are assisting New Mexico utilize economic incentives to assist communities in managing hard-to-manage materials.

NMRC offers a **scholarship program** so that all professionals and community activist members can attend trainings. Scholarships are awarded based on the following priorities: communities that have not attended trainings in the past, tribes, local volunteer citizen activists and communities that demonstrate need.

Interactive **Local Markets Development Tour** will take place on September 24th as part of pre-conference events.
