

Final CFRP Survey

1. How did you initially become familiar with this project?			
		Response Percent	Response Count
NM Environment Department		23.5%	8
NM State Forestry		32.4%	11
Word of Mouth		17.6%	6
Postcard or mailer		11.8%	4
Workshop Attendance		32.4%	11
Presentation		5.9%	2
Display or Exhibit		0.0%	0
One-on-One consultation		5.9%	2
		Other (please specify)	4
		answered question	34
		skipped question	1

2. Please select the extent to which you agree with the following statements.

	Strongly Agree	Agree	Somewhat	Disagree	Strongly Disagree	N/A	Rating Average	Response Count
Forest restoration projects have begun to handle wood waste differently (chipping instead of burning, etc).	29.4% (10)	35.3% (12)	29.4% (10)	0.0% (0)	5.9% (2)	0.0% (0)	2.18	34
Wood chips placed on the ground help retain soil moisture and promote regrowth.	38.2% (13)	38.2% (13)	17.6% (6)	5.9% (2)	0.0% (0)	0.0% (0)	1.91	34
This project has helped to increase the use of wood chips within New Mexico	17.6% (6)	47.1% (16)	23.5% (8)	8.8% (3)	0.0% (0)	2.9% (1)	2.24	34
Slash burning has decreased	15.2% (5)	9.1% (3)	57.6% (19)	15.2% (5)	3.0% (1)	0.0% (0)	2.82	33
Wood chips are valuable for erosion control	35.3% (12)	41.2% (14)	20.6% (7)	2.9% (1)	0.0% (0)	0.0% (0)	1.91	34
Forest residuals provide economic development opportunities	32.4% (11)	47.1% (16)	20.6% (7)	0.0% (0)	0.0% (0)	0.0% (0)	1.88	34
Comments								6
answered question								34
skipped question								1

3. Did you attend any of the Erosion Control & Mulch Utilization workshops or presentations?

		Response Percent	Response Count
Yes		47.1%	16
No		52.9%	18
answered question			34
skipped question			1

4. Did you share information regarding the use of mulch for erosion control and revegetation with a colleague?			
		Response Percent	Response Count
Yes		79.4%	27
No		20.6%	7
<i>answered question</i>			34
<i>skipped question</i>			1

5. Did you plan a project that includes chipped woody material for use for erosion control?			
		Response Percent	Response Count
Yes		47.1%	16
No		52.9%	18
<i>answered question</i>			34
<i>skipped question</i>			1

6. How many acres were treated with these woody biomass used for erosion control & mulch utilization methods?			Response Count
			14
<i>answered question</i>			14
<i>skipped question</i>			21

7. Please take a moment to describe your wood chip application project.		Response Count
		13
<i>answered question</i>		13
<i>skipped question</i>		22

8. Approximately how much money was spent implementing this project?			
		Response Percent	Response Count
How many people worked on implementing this project?		90.9%	10
How long did it take to complete the project (from start to finish)?		90.9%	10
How many jobs were created during this project?		90.9%	10
Approximately how many tons, yardage or acreage of compost/mulch were created?		90.9%	10
Approximately how many tons, yardage or acreage of compost/mulch were applied?		90.9%	10
		<i>answered question</i>	11
		<i>skipped question</i>	24

9. Approximately how much money was saved by using mulch as opposed to burning or hauling the material away? Please explain if needed.		
		Response Count
		9
		<i>answered question</i>
		9
		<i>skipped question</i>
		26

10. How was the wood by-product sold or applied. Please give detail.		
		Response Count
		11
		<i>answered question</i>
		11
		<i>skipped question</i>
		24

11. Please list the equipment that was used to complete this project.		
		Response Count
		10
	<i>answered question</i>	10
	<i>skipped question</i>	25

12. Please take a moment to describe the impact this project had on your community (created jobs, improved awareness, healthier parks, etc).		
		Response Count
		9
	<i>answered question</i>	9
	<i>skipped question</i>	26

13. Please note any suggestions to improve the process of working with woody biomass(mulch) and any lessons learned from your project.		
		Response Count
		6
	<i>answered question</i>	6
	<i>skipped question</i>	29

14. Did you receive one-on-one guidance from NM Recycling Coalition on a mulch or compost related project?			
		Response Percent	Response Count
Yes		9.4%	3
No		90.6%	29
	<i>answered question</i>		32
	<i>skipped question</i>		3

15. Please check the methods in which the one-on-one consultation took place.

		Response Percent	Response Count
Phone calls		100.0%	2
Email contact		0.0%	0
Letters of support		0.0%	0
Site Visits		0.0%	0
Demonstration projects (areas treated)		0.0%	0
Monitoring of mulched areas		0.0%	0
		answered question	2
		skipped question	33

16. Please describe how this consultation benefited your project?

		Response Count
		1
		answered question
		1
		skipped question
		34

17. Do you feel you received sufficient support and information to complete your forest restoration project and/or mulch utilization application?

		Response Percent	Response Count
Yes		0.0%	0
No		0.0%	0
		Other (please specify)	1
		answered question	0
		skipped question	35

18. What type of business are you in?

		Response Percent	Response Count
Land Manager		29.4%	5
State Agency		23.5%	4
Forest Thinning		23.5%	4
Compost Facility		23.5%	4
Other (please specify)			13
		<i>answered question</i>	17
		<i>skipped question</i>	18

19. After exposure to this project, do you feel that forest slash can be utilized to produce a value added product?

		Response Percent	Response Count
Yes		96.7%	29
No		3.3%	1
		<i>answered question</i>	30
		<i>skipped question</i>	5
