Dear Ms. Pierpont

I am writing this letter in nomination of Ms. Hope Van Brocklin as an excellent candidate for New Mexico Recycling Coalition (NMRC) board member. Ms. Van Brocklin has worked with our organization on many collaborative environmental, solid waste and recycling projects specifically involving recycling education and tire amnesty for nearly 2 years in her current role as Environmental Program Specialist for the City of Sunland Park, New Mexico.

Ms. Van Brocklin has several strengths I'd like to share. She is incredibly motivated at accomplishing the goals she and her supervisors have set forth for each of the collaborative events she has managed. Simultaneously she has worked on education and outreach for improving the quality of life of the Sunland Park residents and improving waste diversion tactics. She also has exceptional organizational skills that she applies to these events along with friendly and reliable communications with our operations staff. This fosters a great working relationship between stakeholders. Ms. Van Brocklin is also a very fast learner and has shown this adaptability as she operates as a grant writer, program administrator, web master and event moderator among many other responsibilities for the City of Sunland Park.

In conclusion, I would recommend Ms. Van Brocklin for board member of NMRC. If her performance in the previous collaborations with SCSWA is any indication of how she would perform as a board member, Ms. Van Brocklin will be an extremely positive addition to your organization. If you need any additional information, feel free to contact me at any time.

Sincerely,

Rafael Leos
Deputy Director
